

Registration for April 2018 CDCS, CSDG & CITF Examinations

International Chamber of Commerce (ICC) – The world business organization and The London Institute of Banking and Finance have been organizing three international programme globally for those involved in international trade finance with the aim of developing their professional skills.

CDCS

The **Certificate for Documentary Credit Specialists (CDCS)** is a professional qualification that is recognized worldwide as a benchmark of competence for international practitioners. It enables documentary credit practitioners to demonstrate practical knowledge and understanding of the complex issues associated with documentary credit practice.

CDCS, developed by The London Institute of Banking and Finance in partnership with ICC, was designed in consultation with industry experts to ensure that the qualification reflects best documentary credit practice.

CDCS helps to develop core knowledge and understanding of the following areas:

- Documentary credits - types, characteristics and uses, including standby credits
- Rules and trade terms, including UCP600, ISP98, Incoterms 2010 and URR725
- Parties to documentary credit transactions and their roles and obligations
- Types and methods of payment/ credit used in documentary credit transactions, including the concept of autonomy
- Types of transport, commercial and financial documents used in documentary credit transactions
- Risk issues, including types of risks, control and mitigations
- Related products, including letter of indemnity, Air Way Releases and Steamship Guarantees

Studying CDCS will enable you to demonstrate a level of expertise in documentary credits that is recognized worldwide as well as improve your knowledge and understanding of the complex issues associated with documentary credit best practice. In addition, this will help to develop the skills to apply your knowledge in the workplace and to perform at optimum levels. Obtaining this certification will give you the right to add the professional designation ‘CDCS’ after your name and work to improve your career and promotion prospects.

The world business organization

Thailand is a non-profit organization. Founded in 1999 by the Joint Standing Committee on Commerce, Industries and Banking (JSCCIB), which is comprised of the Board of Trade of Thailand (BOT), the Federation of Thai industries (FTI) and the Thai Banker's Association (TBA) to be the organization that represents the interests of the Thai business community in the international market economy. Moreover, ICC Thailand promotes free and fair international trade and investment and provides channels of communication for local business to voice their concerns to the international business community, or a high level as the United Nations or other Intergovernmental organizations, through ICC International Headquarters, and also provides business opportunities among other ICC members worldwide.

Missions

To be the organization for the business community in Thailand which represents and provides an effective two-way channel of communication to other international organizations.

To ensure member's participation in the formulation of policies on trade and investment in the global market through ICC's commissions and coordinate these policies with other national committees in all areas of mutual benefits creating a common position to be represented on the international stage.

To create awareness among members on future trends of business and promote good corporate governance among business people by providing ICC tools, information, and expertise from local and international sources.

To promote efficient and cost effective means to settle disputes between business people which is independent and impartial.

To work closely with Thai authorities in all areas related to business and trade and to address concerns of the business community to make necessary and effective changes for the benefit of all.

To promote free and fair international trade and investment in an open market economy as well as promote good relations between developing and developed countries, thus minimizing the differences in approach to international business and trade.

To be a non-profit and financially independent organization.

Vision

To promote the creation of wealth and prosperity through international trade and investment for businesses in Thailand
